

COURTOUSY OF PCTC DRAFTING STUDENTS

The City Of

Hurricane

Revamp Project

The Project

Vanessa Ervin contacted Putnam County Career and Technical Center for help to remodel Main Street. The drafting students were then, offered the opportunity to take part in this project. They were asked to complete computer-aided drawings of what they thought were the best ideas for Hurricane. Small changes were the goals for everlasting change in the city of Hurricane.

History of Hurricane

Hurricane was founded in 1774. George Washington commissioned a group of surveyors.

They discovered trees that bent in the same direction; they called it “the place of the hurricane”. The trees happened to be stationed at the mouth of the creek, this creek was later called Hurricane Creek.

Presented Ideas to Vanessa

April 2015

Present Ideas to City Council

Our Ideas

We compiled a series of photos that represent our ideas and then created a 3D model of the street.

Here are the final drafts.

Corner of Main Street

Specifications

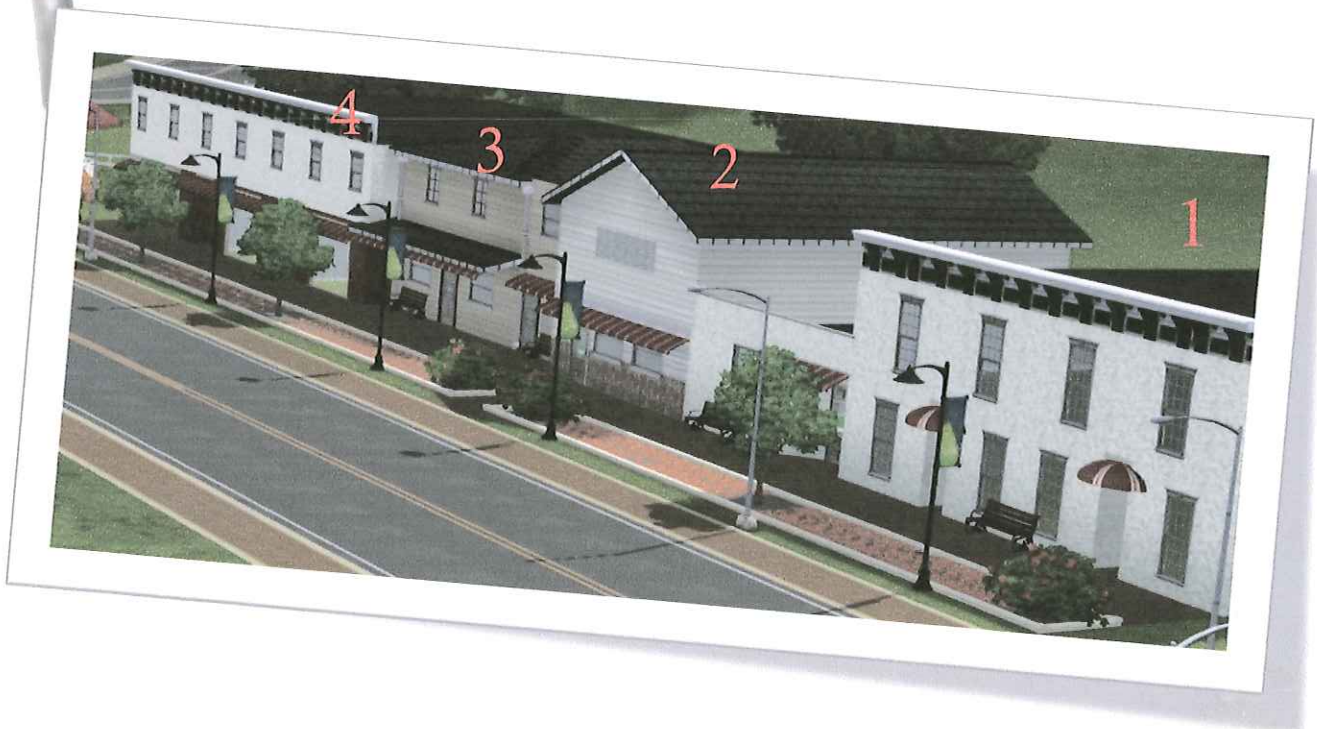

- ❖ Repaint
- ❖ New awnings

Main Street

Specifications

- ❖ New Plants
- ❖ New light posts
- ❖ River rock flower beds
- ❖ Faux brick sidewalks

Our Ideas (Continued)

The Gazebo

Specifications

- ❖ Red Metal Roof
- ❖ Repaint (fresh coat)
- ❖ Seating arrangements
- ❖ New floral arrangements

Building In Front of Fire Station (1)

Specifications

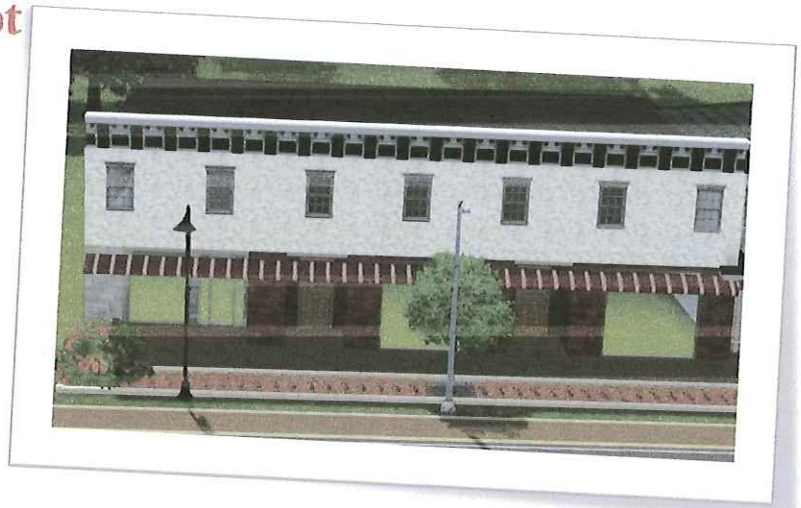

- ❖ New awnings
- ❖ Repaint
- ❖ Add decorative molding to top of building

Building In Front of Parking lot (4)

Specifications

- ❖ New awning
- ❖ Repaint
- ❖ Add molding to top of building

Separately owned buildings (2 & 3)

Specifications

- ❖ New Awnings
- ❖ Paint brick
- ❖ Do maintenance

Cosmetic

Specifications

- ❖ New Storefront Signs
- ❖ Benches
- ❖ Faux Brick Sidewalks

Fire Department

Specifications

- ❖ Clear Coat on murals

Thank You for Your Time!
